

12-Port Fiber Optic Terminal Box Manufacturer

Article Overview

CRXCONEC, Spring Optical, Techlogiks, and SZYHT are notable manufacturers of 12-port fiber optic terminal boxes, offering DIN rail, pre-terminated, and customizable solutions.

Key Manufacturers and Products

CRXCONEC offers a 12-port DIN rail fiber termination box designed for compact spaces and mini-network terminal distributions. It supports fiber cables of 8-10mm, accommodates various adapter types (LC duplex, SC simplex, ST, FC, E2000), and features a flip-up design for easy maintenance. The boxes are RoHS and REACH compliant, and CRXCONEC provides ODM services and branding customization . Spring Optical provides a 12-port pre-terminated fiber distribution box, suitable as a sub-box terminal in fully pre-connected solutions. It integrates fiber splicing, splitting, storage, and cable management in a single enclosure. The box supports plug-and-play installation, multiple mounting methods (pole, wall, cable), and is made from durable PP+GF material with IP68 protection against water, dust, and aging . Techlogiks manufactures DIN rail-mounted 12-port fiber optic terminal boxes for mini-network terminal distribution. These boxes are compatible with SC and LC adapters and are designed for connecting optical cables, patch cores, or pigtails efficiently . SZYHT offers 12-port fiber optic terminal boxes suitable for various optical fiber systems, particularly for mini-network terminal distribution. These boxes support patch cords or pigtails and provide reliable fiber management and connectivity
