

12u Network Cabinet Manufacturers

Article Overview

Top manufacturers and suppliers of 12U network cabinets include Comms Express, Eaton, Sysracks, Intellinet Europe, and Orion Rack Cabinets, offering wall-mounted and compact server racks for small to medium network setups.

Leading Manufacturers and Suppliers

Comms Express offers a wide range of 12U wall-mounted cabinets, including Datacel and PROline enclosures. Their cabinets are designed for small network installations, providing lockable side panels, swing-open doors, and 600mm depth options for versatile equipment installation and maintenance. Eaton (SmartRack) provides 12U low-profile switch-depth wall-mount cabinets suitable for network closets, classrooms, and back offices. These cabinets feature heavy-duty steel construction, vented panels for airflow, reversible doors, and a maximum load capacity of 200 pounds. They also support optional mobility with caster kits and adjustable vertical rails for equipment up to 20.5 inches deep. Sysracks supplies a diverse selection of 12U server racks and network cabinets with varying depths (18", 24", 35") and configurations, including wall-mounted, under-desk, and portable options. Their products are designed for compact spaces while accommodating essential network equipment efficiently. Intellinet Europe manufactures cabinets with different protection ratings (IP20, IP55), suitable for standard IT environments and industrial applications. They offer both wall-mounted and floor-standing racks, providing secure and organized network setups for small to large installations. Orion Rack Cabinets is a UK-based manufacturer specializing in 19-inch racking and bespoke data center solutions. They provide 12U cabinets, server racks, and accessories tailored for IT, telecom, and data center environments, emphasizing security, organization, and fut...
