

CIF price 2-core fiber optic fusion splice box

Article Overview

The base price of a 2-core fiber optic termination box is approximately €0.74–€0.89 per unit, excluding and including tax, respectively, with CIF costs depending on shipping and insurance to your destination.

Base Product Price

A 2-core fiber optic termination box, suitable for indoor splicing and termination between fiber cables and pigtails, is priced at €0.74 excluding tax and €0.89 including tax per unit (). These boxes are lightweight, wall-mounted or desktop compatible, made of ABS engineering plastic, and include splice trays for easy fiber management. They support bending radii greater than 40mm and operate in temperatures from -20°C to 70°C ().

CIF Price Considerations

CIF (Cost, Insurance, and Freight) includes the product cost, shipping to the destination port, and insurance. To estimate CIF:

- Product Cost: €0.74 per unit (excluding tax)
- Shipping Costs: Varies by weight, volume, and shipping method (air freight is faster but more expensive; sea freight is cheaper for bulk orders). For small boxes, sea freight may cost €0.05–€0.20 per unit for bulk shipments.
- Insurance: Typically 0.5–1% of the product value. For a €0.74 box, insurance is negligible (~€0.004–€0.007 per unit)....
