

Cable tray costs in Paraguay

Article Overview

Cable tray prices in Paraguay typically range from \$2 to \$25 per meter, depending on material, type, and supplier, with cost-optimized solutions achieving up to 40% savings for large projects.

General Pricing

The cost of cable trays varies widely based on material, design, and finish. Common price ranges per meter are:

- Galvanized steel: \$2-\$15, balancing durability and affordability .
- Stainless steel: \$10-\$25, offering superior corrosion resistance .
- Aluminum: \$8-\$20, lightweight and rust-proof .
- Plastic trays: \$2-\$10, suitable for light loads and budget-conscious applications .

Tray type also affects cost: ladder trays are more expensive but support heavier cables, while perforated or wire mesh trays are cheaper and ideal for lighter installations . Coatings like hot-dipped galvanization or powder coating increase durability but add to the upfront cost .

Local Market Example in Paraguay

A recent large-scale agricultural project in Paraguay implemented Perforated Cable Tray (PCT) and Heavy Duty Cable Tray (HDCT) systems. By optimizing structural design and selecting pre-galvanized finishes, the project achieved 40% total cost savings without compromising load-bearing capacity (≥ 300 kg/m) or durability . The solution included rapid production and international shipping, demonstrating that c...
