

Costa Rica s scores positive negative

Overview

22, 2025, S&P Global Ratings raised its long-term foreign and local currency sovereign credit ratings on Costa Rica to 'BB' from 'BB-'. Costa Rica has bolstered its external buffers as a result of export-driven economic growth, solid foreign direct investment (FDI), a substantial increase in international reserves, and access to flexible credit lines from the IMF and multilateral lending institutions (MLIs). The government's. Natural Gas and Oil Forecast: WTI Defends \$79. The Rating Outlook has been revised to Positive from Stable.
