

# Domestic Data Center Rack Companies

## Article Overview

Leading domestic data center rack companies include Dell EMC, Hewlett Packard Enterprise (HPE), IBM, Schneider Electric, Vertiv, and Eaton, offering scalable, high-performance, and energy-efficient rack solutions.

### Key Domestic Companies

Dell EMC – Known for reliable and high-performance rack servers, Dell EMC provides solutions for small businesses to large enterprises, supporting cloud computing, high-volume storage, and complex computations . Hewlett Packard Enterprise (HPE) – HPE specializes in modular rack designs with high energy efficiency and liquid-cooling capabilities, ideal for high-performance computing and eco-regulated markets. Their GreenLake model integrates hardware with recurring revenue services . IBM – Offers enterprise-grade rack servers with a focus on scalability, security, and mission-critical workloads, supporting both traditional and hybrid cloud environments . Schneider Electric – Provides innovative and sustainable rack solutions, emphasizing energy efficiency and high-density deployments for modern data centers . Vertiv – Focuses on reliable power and cooling integration within racks, supporting high-density server environments and colocation facilities . Eaton – Offers racks with integrated power distribution units (PDUs) and monitoring solutions, ensuring operational efficiency and protection for critical IT infrastructure .

### Additional Considerations

Domestic companies often provide customizable rack solutions, including variable heights, depths, and widths, as well as specialized enclosures for edge computing, s...
