

Ecuadorian integrated power supply manufacturer

Article Overview

Key Ecuadorian manufacturers of integrated power supply solutions include Silvatech S.A., Inproel S.A., EK SOLAR, POWERSERVICE S.A.S., and Esemec S.A., offering UPS systems, electrical distribution, and electromechanical services.

Silvatech S.A.

Founded in 1999 with offices in Guayaquil and Quito, Silvatech specializes in medium- and low-voltage electrical equipment. The company distributes high-quality components such as ABB instrument transformers, Noja Power reclosers, Honeywell energy meters, and surge protection devices. Silvatech also provides engineering support, protection studies, arc flash analysis, and real-time digital twin implementation, serving utilities, industrial plants, EPC contractors, and government infrastructure projects across Ecuador .

Inproel S.A.

Established in 1972, Inproel is a leading Ecuadorian electrical solutions provider with over 50 years of experience. The company offers equipment and services for high, medium, and low voltage systems, lighting, domotics, and automation. Inproel represents 80 international manufacturers and distributes around 5,000 products, providing engineering, design, and project development for industrial, commercial, and residential sectors nationwide
