

Energy-efficient fiber optic couplers from Egyptian manufacturers

Article Overview

Egyptian manufacturers like FiberTech Misr, Benya Cables, and HitekNOFAL Optix offer high-quality fiber optic components suitable for energy-efficient network solutions, with options for direct supply.

Key Egyptian Manufacturers

FiberTech Misr supplies a wide range of fiber optic components including cables, patch cords, pigtails, adaptors, closures, connectors, and media converters. They have extensive experience in large-scale telecommunications projects for clients such as Telecom Egypt, El Nasr Petroleum, and the Egyptian Air Force, making them a reliable source for direct supply of fiber optic couplers and related components . Benya Cables, part of the Benya Group, is the largest fiber optic cable manufacturer in Egypt and the Middle East & Africa region. Their factory in the Suez Canal Economic Zone produces a variety of fiber optic cables and passive network solutions, with a focus on high-efficiency ICT infrastructure. Benya collaborates with global suppliers like Corning, ensuring advanced technology and energy-efficient solutions. They are well-positioned for direct supply to both local and regional markets . HitekNOFAL Optix, based in Badr City, Cairo, operates a 27,000 m² fully automated plant with advanced R&D and quality assurance facilities. They specialize in high-performance fiber optic cables and cabling solutions for telecommunications, data centers, and industrial applications. Their focus on precision manufacturing and sustainability makes them a strong candidate for energy-efficient fiber optic couplers
