

Ethiopia wire mesh support price

Article Overview

Wire mesh prices in Ethiopia vary by material, size, and supplier, typically starting from around ETB 1 per unit for small retail quantities, with bulk and specialized meshes costing significantly more.

Price Overview

Wire mesh in Ethiopia is available in various types, including galvanized steel, stainless steel, iron, and PVC-coated wire mesh, as well as expanded metal and decorative meshes . Prices depend on wire thickness, mesh size, and material quality. For example:

- Galvanized wire mesh: Commonly used for construction and fencing; prices start from ETB 1 per small unit on retail platforms like Jiji.com.et, with larger rolls or sheets costing more .
- Stainless steel wire mesh: Higher durability and corrosion resistance; typically more expensive than iron or galvanized mesh .
- Expanded metal mesh: Used for heavy-duty applications like platforms, walkways, or industrial fencing; prices vary based on thickness and size .

Regional and Supplier Considerations

- Addis Ababa: Being the capital, prices are generally competitive, and suppliers often offer a wide range of mesh types .
- Other regions: Prices may increase due to transportation costs, sometimes adding 5–15% to the base price
