

Fiber Tail Finished Products Manufacturer

Article Overview

Top manufacturers of fiber tail finished products include OTRANS, Signamax, and IDIL, offering both standard and custom fiber optic pigtails for telecom, data center, and FTTx applications.

Leading Manufacturers

1. OTRANS OTRANS specializes in bulk production of fiber optic pigtails with over 20 years of experience. Their 40,000^{sq} factory produces high-quality single-mode and multimode pigtails in standard LC, SC, FC, and ST interfaces. OTRANS focuses on consistent quality, reliable performance, and competitive factory-direct pricing, making them ideal for large-scale deployments in data centers, FTTx, and telecom networks. They provide both standard and customized solutions, including mechanical connections and splicing-ready pigtails for seamless integration . 2. Signamax Signamax manufactures premium optical fiber pigtails that meet TIA, IEC, and Telcordia standards. Their products are based on 900- μ m buffered white cables and are available in multimode (OM1, OM2, OM3, OM4) and single-mode configurations. They offer ST, SC, FC, and LC connector types, ensuring compatibility with a wide range of network equipment . 3. IDIL Fiber Optics IDIL provides custom fiber optic assemblies, including pigtails, for specialized applications such as medical optical probes and aerospace harnesses. They support a variety of fiber types—Single Mode, Multi-Mode, Polarization Maintaining, Polarizing, and Photonic Crystal Fiber—covering UV to NIR wavelengths. IDIL emphasizes high performance with low insertion loss, high return loss, and robust environmental protection, while offering flexibility for both single-unit and large-quantity orders
