

Fireproof cable trays supplied directly

Article Overview

Fireproof cable trays are available for direct purchase from multiple suppliers, offering various materials, fire ratings, and customizable sizes for industrial and commercial applications.

Direct Purchase Options

- Langfang Weber Cable Tray Co., Ltd. Offers Grade A fireproof cable trays with aluminum or galvanized finishes, customizable height and width, and high durability for industrial and commercial use. These trays are designed to withstand extreme temperatures and prevent fire hazards, ensuring cable safety and compliance with fire safety standards .
- Accio.com Suppliers Provides a wide range of fire-resistant cable trays including ladder, perforated, and solid-bottom types. Materials include stainless steel, aluminum alloy, and hot-dip galvanized steel. Many products feature customizable dimensions, powder-coated finishes, and 120-minute fire ratings, suitable for indoor and outdoor installations .
- NewReach Fire Rated Cable Trays Specializes in fire-rated trays with materials like stainless steel, galvanized steel, and fiberglass with intumescent coatings. These trays maintain structural integrity during fires, support heavy loads, and comply with international fire safety standards such as ISO 834-1 and EN 1363-1 .
- Alibaba and Other Industrial Suppliers Offer industrial fireproof cable trays with corrosion resistance, excellent heat dissipation, and various designs including ladder, mesh, and trough types. Minimum order quantities vary, and many suppliers provide customizable lengths, widths, and finishes for rapid deployment .
