

High-quality manufacturer of Austrian optical cable pre-embedded pipes

Overview

In its three business divisions Eupen Cable, Eupen Pipe and Eupen Foam, Kabelwerk Eupen AG develops and produces high-quality cables, plastic pipes and synthetic foams. With decades of experience, our company ranks among the leading manufacturers in Europe in the three. PENGK KABEL specializes in manufacturing a wide range of fiber optic cables, alongside other cable infrastructure components, tailored to customer specifications. Their production facilities in Austria enable them to provide comprehensive services, including mounting for both copper and fiber optic. For the termination or distribution of cable networks, we offer an extensive range of passive fiber optic components for the telecommunications and rail industries. Since its founding, it has established itself as a reliable partner. 5 billion+ shipment records with 20+ precision filters to uncover the most reliable and economical suppliers for you. Engineered for seamless system integration and reproducible performance – from prototype to serial production. The Eupen Cable division is successfully.
