

Kazakhstan sells fiber optic cable company

Article Overview

Kazakhstan hosts several fiber optic cable suppliers and manufacturers, including KazPowerTrade and Kazenergokabel, offering a range of optical and telecommunication cables for domestic and international markets.

Key Companies

1. KazPowerTrade KazPowerTrade supplies fiber optic cables suitable for telecommunication networks, transcontinental connections, and home networks. Their cables are designed for secure data transfer over long distances, with operational ranges up to 50 km for certain types, and are used in telephone lines and computer networks . The company focuses on high-quality optical fiber solutions for both commercial and personal applications. 2. Kazenergokabel While primarily a manufacturer of power, control, and telephone cables, JSC Kazenergokabel also produces a wide range of cable products that may include fiber optic solutions as part of their telecommunication offerings. The company is a major domestic manufacturer with modern production facilities, extensive product certification, and participation in government import substitution programs . They have experience in producing high-quality cables for industrial and construction projects across Kazakhstan.
