

Malta Cold Aisle Data Center Company

Overview

CSL is a Systems Integrator with its own Data Centre Facilities, which are Tier 3 rated, Carrier Neutral and have a total capacity of 2000 square meters of rack space plus a team of skilled and experienced technical resources. VSS Data Center Department is a leader in quality, technology and product portfolio. Our range goes from Micro to Maxi Data Centers. We can offer also mobile solutions Our Expertise includes CRAC units, Rack Cooling. BMIT today announced it has retained its HPE Hybrid Cloud Platinum partner status and also achieved the HPE Aruba Networking Silver specialisation, extending its recognised expertise across hybrid cloud infrastructure and enterprise networking. The two designations reflect the depth of capability. Standard colocation services comprised of RackSpace, Power, Cooling and Internet Bandwidth are offered from one of CSLs local datacentre facilities. Save the trouble of contacting the providers yourself, check out our Quote Service. Do you. Ardmac have developed a range of Ground Supported (GS) and Ceiling Supported (CS) assemblies catering to an array of different modular clean rooms and off-site construction industry requirements including data centre design and data centre construction.
