

Modular Fiber Optic Patch Panel

Overview

The FPM series provide a flexible fibre optic termination solution with modular panels and accessories. The modules are available with pre-installed adapters, adapters and pigtailed or with pre-terminated cable. The modules are mounted in either a 1U frame that holds three modules or in a 3U frame. Propel Series Sliding Fiber Optic Panels for holding Propel modules, adapter packs and splice cassettes EPX Fiber Optic Panel available in either G2 or LGX/PNL 1U, 2U or 4U fixed or sliding configurations FMT (Fiber Management Tray) Series Fiber Optic Panels FOMS-FPS and FOMS-FPS-HD Fiber. Belden offers several Fiber Patching Systems. Full patching platforms include FX ECX for LAN environments, FX UHD for high-density fiber channels and the DCX System used primarily in data centers where high amounts of fiber connections and density are the key requirements, as in optical. Consolidate your fiber optic connections in industrial environments with our DIN rail patch panel, with a modular design and tool-free installation save space and simplify deployment. UHDX ultra high-density fiber patch panels patch up to 144 LC fibers per RU to provide an inter-connect or cross-connect between backbone horizontal cable and active equipment while minimizing rack space in a frame or cabinet.
