

Price of Asian Optical Cable Junction Boxes

Article Overview

Asian optical cable junction boxes typically range from \$10 to \$80 per unit, depending on size, material, waterproof rating, and order quantity.

Price Overview

- Entry-level models for small-scale FTTH or indoor applications generally cost \$10–\$25 per unit. These are often made from ABS/PC materials and may have basic IP54–IP55 protection suitable for wall-mounted installations .
- Mid-range junction boxes with enhanced waterproofing (IP65), outdoor durability, and support for multiple fiber splices typically range from \$25–\$50 per unit .
- High-end or custom OEM/ODM boxes designed for carrier-grade networks, high-density splicing, or extreme environmental conditions can cost \$50–\$80 or more per unit, especially when ordered in small quantities or with specialized features like pole-mounting, integrated cable management, or high-capacity trays .

Factors Affecting Price

- Material and Build Quality: ABS/PC plastics are common for standard boxes, while reinforced or metal enclosures increase durability and cost .
- Waterproof and Environmental Ratings: IP65 or higher-rated boxes for outdoor use are more expensive than indoor-rated units .
- Capacity and Design: Boxes supporting more fiber splices, ribbon fibers, or modular components cost more due to additional trays and accessories .
- Order Quantity: Wholesale or bulk orders significantly reduce per-unit cost, while...
