

Price of Right Angle Round Arc Cable Tray

Article Overview

The price of a Right Angle Round Arc Cable Tray varies depending on material, size, and supplier, typically ranging from \$20 to \$150 per unit for standard industrial models.

Factors Affecting Price

The cost of a Right Angle Round Arc Cable Tray depends on several factors:

- **Material:** Steel (galvanized or stainless), aluminum, or plastic. Steel trays are generally more expensive due to durability and load capacity .
- **Size and Radius:** Larger trays or tighter bend radii require more material and manufacturing precision, increasing cost .
- **Load Capacity:** Heavy-duty trays designed for industrial or outdoor use are priced higher than light-duty office trays .
- **Finish and Coating:** Hot-dip galvanization or powder coating adds corrosion resistance but also increases price .
- **Supplier and Quantity:** Wholesale purchases or bulk orders from suppliers like Alibaba or RS Components can reduce per-unit cost .

Where to Check Prices

- Alibaba.com offers a wide range of right angle trays with options for customization and bulk pricing .
- RS Components and CMW Ltd provide industrial-grade cable trays with online catalogs, though prices may require a quote based on specifications
