

Price of cable tray connecting wires for sale

Article Overview

Cable tray connection wires typically range from \$0.80 to \$34 per unit depending on type, material, and purchase volume.

Overview of Pricing

The cost of cable tray connection wires varies widely based on material, gauge, insulation type, and supplier. For small-scale or consumer purchases, prices can range from \$15 to \$34 per wire for under-desk or light-duty applications, while bulk industrial orders can be as low as \$0.80 per unit .

Factors Affecting Price

- **Material:** Copper wires are more expensive than aluminum due to conductivity and durability.
- **Wire Gauge:** Thicker wires (lower gauge numbers) cost more because they use more material.
- **Insulation Type:** Wires with heat-resistant, fireproof, or chemical-resistant insulation are priced higher.
- **Quantity:** Bulk orders significantly reduce per-unit cost, sometimes by 20-40% .
- **Supplier and Region:** Prices vary by supplier and location; importing from regions like China can reduce costs by 30-50% .

Typical Applications...
