

Price of slotting open circuit breaker distribution box

Article Overview

The price of a slotting open circuit breaker distribution box typically ranges from \$50 to over \$500 depending on specifications, capacity, and features.

Price Range and Factors

- Residential single-phase units generally cost \$50–\$200, suitable for small homes or light-duty applications .
- Commercial or industrial three-phase units with higher amperage (e.g., 200–225 Amp) and outdoor-rated enclosures can range from \$300–\$500 or more .
- Material and construction: Metal enclosures, weather-resistant or NEMA-rated boxes, and units with integrated safety features or smart monitoring systems increase the price .
- Included components: Some enclosures come with factory-installed breakers, ground lugs, and hub closure plates, which can add to the cost .
- Customization: Options like flush mount, surface mount, or integration with building management systems can further affect pricing .

Where to Buy

- Amazon offers a variety of breaker boxes and enclosures, with prices starting around \$50–\$150 for basic models .
- eBay provides competitive pricing and used or refurbished options, often with free shipping
