

Singapore Cold Aisle Cabinet Manufacturer

Article Overview

Leading cold aisle cabinet manufacturers in Singapore include Norden, MFB Products Asia, Microtac Systems, and Data Clean Asia, offering modular and energy-efficient containment solutions.

Key Manufacturers and Suppliers

1. Norden Communication Norden is a prominent manufacturer and supplier of aisle containment cabinets in Singapore. They provide high-quality cold aisle containment cabinets designed to optimize cooling efficiency and reduce energy consumption in data centers. Norden cabinets are available for purchase directly in Singapore, and the company emphasizes modularity and reliability in their designs . 2. MFB Products Asia Pte Ltd MFB offers a modular cold aisle containment system compatible with their S2005 range of data cabinets. Their system includes roof panels and sliding doors to create a temperature-controlled environment, enhancing the efficiency of underfloor cooling. The design allows for clear acrylic panels to utilize existing lighting and can integrate fire monitoring and suppression systems . 3. Microtac Systems Pte Ltd Microtac provides vendor-neutral hot and cold aisle containment solutions that can be retrofitted to existing data centers. Their systems effectively separate cold and hot air streams, improving cooling efficiency and reducing power consumption. The containment solutions are free-floating, allowing thermal expansion without structural issues, and can work with or without raised-floor cooling systems . 4. Data Clean Asia Data Clean offers a variety of aisle containment systems, including softwall curtain systems, hardwall systems, and hybrid systems....
