

Syria Cable Tray Price Quote

Article Overview

Cable tray prices in Syria vary by type, material, and supplier, with competitive market rates available from local manufacturers and exporters.

Overview of Cable Trays in Syria

Cable trays are widely used in industrial, commercial, and residential projects to support electrical cables and wiring systems. In Syria, several reputable manufacturers and suppliers provide a range of cable trays, including ladder-type, perforated, and modular designs, made from high-grade steel or aluminum to ensure durability, reliability, and long operating life . These products are manufactured according to industry standards and are suitable for both domestic and export markets .

Pricing Information

While exact prices in Syria are not publicly listed online, general market trends indicate the following:

- Hot-dip galvanized ladder-type cable trays (standard length 2.4 meters) are commonly used, with pricing typically calculated per unit or per piece for fittings .
- Prices vary depending on material quality, tray width, load capacity, and customization. Suppliers in Syria offer competitive rates and may provide bulk discounts for large orders .
- To obtain precise pricing, it is recommended to contact local manufacturers or exporters directly, such as Cable House or Micro Sheet Crafts, who can provide quot...
