

Tanzania Distribution Box Production and Processing

Article Overview

Tanzania hosts a robust distribution box manufacturing sector, with companies offering customized corrugated, duplex, and rigid packaging solutions supported by modern production facilities and regional distribution networks.

Key Manufacturers and Capabilities

Tazpack Industries Ltd operates one of the most modern box plants in Tanzania, with a 500,000 square foot facility. They specialize in designing, manufacturing, testing, and delivering customized corrugated boxes, including regular slotted containers (RSC) and die-cut boxes. Their production emphasizes high efficiency, material optimization, and rigorous quality control, including moisture content, bonding, and dimensional accuracy, ensuring reliable packaging for various industries across East Africa. Twiga Paper Products Ltd, established in 1965, is one of Tanzania's largest automated corrugated box manufacturers. They produce a wide range of packaging materials, including 2-ply products for wrapping and honeycomb partitioning. Twiga emphasizes quick turnaround, minimum orders of 1,000 pieces, and doorstep delivery, making them a key player in both local and regional distribution. Modern Flexible Packaging Limited (MFPL) focuses on FMCG brands, offering over 12 packaging product lines. MFPL provides tailored solutions for design, manufacturing, and distribution across six countries, highlighting Tanzania's role as a hub for regional packaging services. Hanspaul Industries Ltd, based in Arusha, produces 3-ply and 5-ply corrugated boxes, duplex boxes, paper bags, and offers offset printing services. They serve diverse sectors, including agriculture, oil, and airport maintenance, with...
