

Tongxin Fire Cable Tray Price List

Article Overview

Tongxin fire cable trays typically range from \$10 to \$50 per meter, depending on material, fire rating, and order quantity.

Estimated Pricing

The cost of a Tongxin fire cable tray depends on several factors:

- **Material:** Steel (galvanized or hot-dip galvanized) is common, with stainless steel and aluminum options costing more due to corrosion resistance and lightweight properties .
- **Fire Resistance:** Fire-rated trays, like those offered by Baozun Industry, are priced higher than standard perforated trays due to specialized coatings and certifications .
- **Size and Type:** Ladder-type trays are more expensive than wire mesh or perforated trays because they support heavier cables .
- **Quantity:** Bulk orders reduce the per-meter cost. For example, standard perforated trays in bulk can cost as low as \$1.20 per meter, but fire-rated trays in smaller quantities may be significantly higher .
- **Coatings and Finish:** Hot-dip galvanization (HDG) increases durability and price, while pre-galvanized or powder-coated trays may be slightly cheaper .

Practical Cost Range

Based on market data:

- Steel fire-resistant trays: \$10–\$30 per meter...
