

Western European Funnel Bridge

Overview

The Millau Viaduct (French: Viaduc de Millau [vja. jo]) is a multispan cable-stayed bridge completed in 2004 across the gorge valley of the Tarn near (west of) Millau in the Aveyron department in the Occitanie Region, in Southern France. The Vizcaya Bridge (Bizkaiko Zubia in Basque), built in 1893, is the original Transporter Bridge, built to connect the towns of Ibaizabal and Getxo a few miles northwest of Bilbao, capital of the Basque Country (Euskadi). Don't forget to pledge your support today - Patreon: <https://www.patreon.com/greatpremieroptical>. Your support is crucial for the team's. more Let's explore why the Channel tunnel was built, its. The iconic Stari Most, located in Bosnia and Herzegovina is arguably one of the most famous bridges in Europe and even the world. This historical landmark stands as a symbol of the country's rebirth from the ashes of war. The design team was led by engineer Michel Virlogeux. The "Western Paris" J3576 : The "Western Paris", Belfast (August 2018) is part of the Western Bulk Link fleet of bulk carriers. The wharf was constructed 1956-62 by Charles Brand & Son, to provide a total lineal quayage of 580 metres; this was further. GLENFINNAN VIADUCT, in the Highlands, is a magnificent example of construction on the old North British line between Fort William and Mallaig, Inverness- shire.
