

Which company makes the best fiber optic cold connectors

Article Overview

Top brands for fiber optic cold connectors include Thermallogic, Opticonx, S.I. Tech, Fujikura, Belden, Huber+Suhner, and Amphenol Fiber Systems International.

Fiber optic cold connectors, also known as mechanical splices or fast connectors, are field-installable connectors that terminate fiber optic cables without requiring a fusion splicer. They are widely used in FTTH deployments, emergency repairs, and small-scale installations due to their fast installation and lower tool costs compared to fusion splicing .

Leading Brands and Manufacturers

- Thermallogic Corporation – Known for custom-built electronic sensors and controls, they also provide fiber optic connectivity solutions for industrial, medical, and military applications .
- Opticonx – Specializes in high-quality fiber optic connectors suitable for telecommunications and data networks .
- S.I. Tech Inc. – Offers a range of fiber optic connectors and components for optical communication systems .
- Fujikura – A Japanese multinational providing fiber optic cables, connectors, and fusion splicers, widely used in telecom and data centers .
- Belden – Produces high-performance fiber optic and networking solutions for industrial automation, data centers, and cybersecurity applications .
- Huber+Suhner AG – Swiss company offering fiber optic connectivity and RF soluti...
