

Which company makes the best steel fireproof cable trays

Article Overview

Top manufacturers of fireproof steel cable trays include MP Husky, Marlin Steel, US Tray (Atkore), and Thomas & Betts, offering high-quality, fire-resistant solutions for critical environments.

Leading Manufacturers and Their Offerings

MP Husky is a prominent U.S. manufacturer providing a wide range of steel cable trays, including hot-dipped galvanized, stainless steel (304 and 316), and fire-coated options. Their trays are UL listed, CSA certified, and NEMA compliant, making them suitable for high-risk environments like data centers and industrial facilities. MP Husky emphasizes durability, load-bearing capacity, and fire safety, offering ladder, solid-bottom, perforated, and wire mesh designs. Marlin Steel specializes in precision-engineered wire mesh cable trays for data centers and industrial applications. Their trays are made from 304 or 316 stainless steel, providing excellent fire resistance, structural integrity, and airflow for thermal management. Marlin Steel's U.S.-made trays are ISO 9001:2015 certified, customizable, and designed for high-density cable routing in mission-critical environments. US Tray (Atkore) manufactures made-to-order cable trays built to NEMA standards and UL certified. Their product line includes wire basket, I-beam, C-channel, and solid/vented bottom trays. US Tray emphasizes fire-resistant steel construction, airflow management, and robust support for electrical and data cabling in high-risk settings. Thomas & Betts offers a variety of steel cable tray systems, including fire-rated wire basket and ladder trays. Their solutions are designed for reliability, adaptability, and safety in commercial, industri...
