

Which manufacturer is best for producing metal mesh cable trays

Article Overview

Top manufacturers for custom metal mesh cable trays include Marlin Steel, Interflex USA, MP Husky, and leading industry names like Code Electric Products, Chatsworth Products, and Legrand North America.

Leading Manufacturers

Marlin Steel specializes in high-performance wire mesh cable trays designed for data centers, industrial manufacturing, and commercial infrastructure. Their trays are made in the USA from 100% domestically sourced steel, offering superior tensile strength, durability, and airflow. They provide customization options including wire gauges, grid patterns, and finishes such as 304 or 316 stainless steel, powder coating, and zinc plating to suit various environments . Interflex USA offers VIAFIL wire mesh cable trays and VIATEC sheet steel trays, known for innovation, safety, and long-lasting performance. Their trays feature rounded edges to protect cables, robust construction for heavy loads, and advanced HR finishes for exceptional corrosion resistance. Interflex emphasizes ease of installation with self-coupling ends and inlaid fittings, making them suitable for demanding industrial and commercial applications . MP Husky is a founding member of the USA Cable Tray Institute and produces a wide range of cable tray systems, including wire mesh and wire basket trays. Their products meet or exceed NEMA, UL, CTI, and CSA standards, and they are recognized for reliability, strength, and cost-effective solutions across multiple industries .
