

Yemen General Optical Cable Factory

Overview

YOFC is the only company in the world that has independently possessed the manufacturing technology of all three mainstream preforms (PCVD, VAD and OVD), and successfully achieved the industrialization of preform manufacturing technology. In 2021, YOFC won a gold medal from. Japanese stocks surged on Friday, with the Nikkei index climbing close to 3 percent. Investors reacted positively to news of a potential peace deal between the United States and Iran. Chip-related companies saw significant gains. Banks also advanced ahead of a Bank of Japan policy meeting. From fiber cables to distribution systems - plus reliable energy infrastructure - everything you need under one roof. Techline offers a. Infrared optical lenses are specialized optical lenses designed specifically for receiving, focusing, and processing infrared wavelengths (typically referring to electromagnetic waves with wavelengths ranging from 0.1 to 1000 micrometers). AlGawf Trading and Services Co.
